ads@af.tv

The winter months present unique challenges to the flying community. Join us for a safety seminar covering these challenges. Topics include: Preflight preparation, weather analysis, icing, and aircraft performance considerations.

*Directions.*By Air: American Flyers is located across from the control tower at the end of taxiway Tango.

By Car: American FLYers is located one block north of the Addison Road and Keller Springs intersection.

Message from the National Safety Program Manager:

**Safety is a learned behavior...Learn to be safer at the Learning Center found on
FAASafety.gov**
